**1. Motion to approve OOCS is concurrence with the Minnesota Department of Education Funding. Due March 1, 2021**

-Daniel Deschampe makes a motion on behalf of the Oshki Ogimaag Charter School Parent Committee (PC) to agree OOCS is in concurrence with the Minnesota Department of Education Funding; agreeing Native American traditions, programming and cultural components are being taught within the OOCS.

-The motion was seconded by Yanne as well as Krysten and Tina. We agree OOCS is in compliance. Daniel will stop in at the school to sign the document. Then the school board will acknowledge the document.

**2. Yearbook**

-Yanne has signed up for a yearbook making website. Parents are planning to get together to begin creating the yearbook for the school year 2021-2022.

**3. Fundraiser for 2022**

-Parents discussed possibly having another fundraiser in 2022 or perhaps the following year.

**4. OOCS Website**

-Parent committee chair expresses concerns about the OOCS website logo in the top left corner. The parents feel the colors of the logo are not congruent with colors of the community center and feel they should be uniform to the community center color as those colors were specifically chosen by Elders in the community. Parents feel it was a misrepresentation of the medicine wheel. Parents would like to discuss the possibility of changing the logo colors at the next meeting. And vote on changing the colors from green, blue, red and white to white, yellow, red and black.

Motion to end the meeting at 6:10 pm
